

**Kevin P. Abt, P.E.  
Chief Engineer  
Virginia Port Authority**

Kevin Abt is the Chief Engineer for the Virginia Port Authority. He joined the Port Authority in 2003 and was responsible for implementing the Port's largest capital development program, resulting in the complete reconstruction of NIT, the Port's largest container terminal, management of many smaller projects at the Port's other facilities, and assisted in the preliminary design of the 600 acre eastward expansion of Craney Island.

Prior to joining the Virginia Port Authority, Mr. Abt worked for several construction companies in Pittsburgh, Pennsylvania.

Mr. Abt holds a B.S. from the University of Pittsburgh, and is a registered professional engineer in Virginia and Pennsylvania.

Mr. Abt is a member of ASCE.
