- A. This SOR applies to the provision of TERMINAL SERVICES by VIT at the TERMINALS, including without limitation NIT, VIG, PMT, NNMT, VIP, and RMT. This SOR also applies to USAGE of the TERMINALS, and to all other use or occupancy of the TERMINALS. The parties covered by this SOR are all USERS. If VIT has an actual contract with a party covering the services rendered by VIT, then this SOR shall not apply to those services, except to the extent this SOR is incorporated in the actual contract. Use of the TERMINALS shall constitute an agreement to the terms and conditions of this SOR including without limitation payment of all applicable charges.
- B. Any provision in this SOR notwithstanding, this SOR shall not apply to any OCEAN CARRIER which uses a TERMINAL but whose cargo is neither loaded on nor discharged at a TERMINAL. Such OCEAN CARRIER shall be permitted to use a TERMINAL only pursuant to a negotiated contract with VIT.
- C. Charges published in this SOR may be assessed and collected by VIT on cargo delivered to or received from any USER and shall be in addition to rates for transportation to or from the TERMINALS.
- D. This SOR shall apply on and after the stated effective date of this SOR. VIT typically updates the entire SOR as of October 1 of each year. Amendments and supplements to the SOR may be issued prior to the October 1 updates and shall be effective as of the stated effective date(s) of such amendments and supplements.

SECTION II GENERAL RULES

200 DEFINITIONS Capitalized terms in this SOR not otherwise defined in the body hereof shall have the meanings given to them in Section XI below.

201 APPLICATION OF SECTION II The terms contained in this Section II will apply in the absence of specific rules in other sections of this SOR.

204 OPERATOR OF TERMINALS

- A. VIT reserves the absolute right to control the use of the TERMINALS, and permission for the use thereof must be obtained from VIT. VIT reserves the right to control and perform the LOADING, UNLOADING, HANDLING, recooling, reconditioning, fumigating, weighing and sampling of all freight and cargo on the TERMINALS.
- B. Cargo, including loaded CONTAINERS, held on the TERMINALS in excess of FREE TIME provided for in this SOR is subject to LOADED CONTAINER STORAGE. Cargo, particularly cargo subject to pilferage or deterioration, may, at the option of VIT, be sent to a commercial warehouse at the expense and risk of the owner. For cargo moved to commercial storage, a charge will be assessed in addition to the normal storage charges. Rates will be quoted upon request.
- C. VIT is not the consignee of any CONTAINER or cargo unless VIT expressly agrees in writing that it is the consignee.

206 RESPONSIBILITY FOR DAMAGES; TERMINALS HELD HARMLESS; LIMITATION OF LIABILITY

- A. Notwithstanding anything in this SOR to the contrary, nothing in this SOR shall be construed to exculpate or relieve VIT from liability for its own negligence, or to impose upon others the obligation to indemnify or hold-harmless VIT from liability for its own negligence.
- B. Notwithstanding anything in this SOR to the contrary, no party subject to this SOR shall be responsible for special or consequential damages except to the extent included in claims made by third parties.
- C. Each USER, jointly and severally, agrees to defend, indemnify and save harmless the VIT PARTIES from and against all LOSSES suffered or incurred by VIT arising from personal injury or death, or damage or destruction of property, incident to or resulting from (i) operations on the TERMINALS and/or the use of the TERMINALS' equipment and facilities by such USER(s), their employees, agents, or contractors, (ii) breach of, or failure to comply with any requirement of, this SOR by such USER, its employees, agents, or contractors, and/or (iii) incorrect information being provided by such USER, its employees, agents, or contractors in connection with cargo or CONTAINERS handled on the TERMINALS, such as without limitation, incorrect weights.
- D. USERS of the TERMINALS, including without limitation CARRIERS and VESSELS, their owners, agents and operators, shall be responsible for all damage and injury to person or property resulting from the use of the TERMINALS. The VIT PARTIES reserve the right to repair, replace, or contract for the same, or otherwise cause to be replaced or repaired, any and all damages to the TERMINAL FACILITIES including damages to docks, piers, bulkheads, wharves, warehouses, transit sheds, cargo, CONTAINERS, and their contents if loaded; equipment, rail, shop facilities, utilities. The VIT PARTIES may detain any vehicle,

VESSEL, water craft, etc., that may be responsible for any damage to the TERMINALS until sufficient security has been given to cover all LOSSES suffered or incurred by the VIT PARTIES.

- E. Except with respect to VIT's own negligence, VIT assumes no liability for loss or damage to equipment, freight, or cargo handled, stored, or transshipped at VIT, including but not limited to loss or damage caused by strikes, fire, water, action of the elements, theft, TERRORISM or other causes. VIT is not and shall not be deemed to be the bailee of any equipment, freight, or cargo handled, stored, or transshipped at VIT. Acceptance for use of an open pier by a USER is a recognition of the fact that cargo landed on such dock is at the risk and expense of the USER.
- F. VIT, for the services performed under this Schedule of Rates, assumes no liability for loss or damage to equipment, freight, or cargo handled or transshipped through VIT, including but not limited to loss or damage caused by strikes, fire, water, action of the elements, theft, TERRORISM or other causes. VIT in any event shall be liable only for damage resulting from its failure to exercise due and proper care in performing the services and affording the facilities provided for herein. In no case shall VIT be liable for sum in excess of \$500.00 per package or non-packaged objects unless the shipper, or other USER, declares a higher value and pays to VIT, in addition to the other charges for such services as herein set forth, a premium computed at one percent (1%) of the declared value of each package or non-packaged object, and in such event VIT shall be liable for the full declared value of each such package or non-packaged object up to available insurance coverage limits, for damage resulting from VIT's failure to exercise due and proper care in performing the services or affording the facilities provided for herein. The word "package" shall include any van, CONTAINER or other form of cargo unitization.
- G. VIT will not be responsible for damage sustained by CONTAINERS or cargo because of weather conditions, including but not limited to wind or flooding, or damage to CONTAINERS not caused by VIT's negligence. VIT accepts no responsibility for loss sustained by CONTAINERS or cargo in the pier area or in the stacks at any time. VIT accepts no responsibility for injuries or death, damages or delays caused by cargo handling equipment, including but not limited to cranes, CONTAINERS, straddle carriers, or hustlers and/or the operators of said equipment where the equipment is leased by VIT to a VESSEL owner or operator or their agent/stevedore and the equipment is in the custody and control or supervision of the said VESSEL, owner or operator or its agent/stevedore.
- H. Each CARRIER warrants to VIT that all of CARRIER'S Bills of Lading for CONTAINERS and cargo handled pursuant to this SOR shall contain a provision which makes paramount and applicable to VIT and all other of VIT's servants, agents, or persons performing the contract of carriage, all rights, protections, defenses, limitations of actions, and limitations of liability available to the CARRIER under the Carriage of Goods by Sea Act of the United States ("COGSA", formerly published at 46 USCS Appx. §§ 1300 et seq.), including, but not limited to, the Five Hundred US Dollars (\$500) package limitation, as the same may be increased by law from time to time. The CARRIER warrants that the Bills of Lading for CONTAINERS and cargo handled pursuant to this Agreement shall contain a proper "Custody Clause" (Period of Responsibility Clause) that protects both the CARRIER and the VIT by applying COGSA from the time the goods are received until delivered to the consignee.
- I. VIT shall not be liable for damage or injury caused to USERS or the property of USERS as a result of direct or indirect acts of TERRORISM or CYBER ATTACK.

207 NOTIFICATION OF LOSS, INJURY, OR DAMAGE; TIME LIMITS; JURISDICTION AND VENUE; APPLICABLE LAW

- A. USERS must notify VIT Risk Management of the occurrence of loss, injury, or damage to person or property caused by VIT immediately upon discovery, and in no event more than thirty (30) days from occurrence, or all claims based on the loss, injury, or damage shall be time-barred. Notification MUST be made utilizing the Risk Management Claim Portal (<https://operations.portofvirginia.com/risk-management/>) or in writing to 601 World Trade Center (Risk Management Division) Norfolk, VA 23510. Claims / Notices filed via email will not be processed. If suit (or notice of arbitration if applicable) based on the occurrence is not filed within one (1) year after the occurrence, the claim shall be time-barred. If notice of loss, injury, or damage is given, or if a claim is made, VIT must be given the opportunity to investigate the claim, including without limitation all evidence, at the earliest practical opportunity. Time is material and of the essence.
- B. Jurisdiction for any action against any VIT PARTY, arising from services rendered by VIT, whether in law or equity, whether sounding in contract or in tort, lies exclusively in the Federal or State Courts located in Norfolk, Virginia, and in no other forum. Use of a TERMINAL further constitutes consent to jurisdiction in accordance with this Item, and constitutes waiver of jurisdiction or venue in any other location or forum.
- C. The laws of the Commonwealth of Virginia without reference to its choice of law rules and, to the extent not in conflict with the law of Virginia, the general maritime laws and statutes of the United States, shall apply to all disputes arising from or related to this SOR.

214 HANDLING OF HEAVY, FRAGILE OR BULKY ARTICLES Charges published in this SOR do not cover HEAVY LIFT, fragile, or bulky articles. Such articles, pieces, or packages weighing more than 80,000 lbs., must be loaded or unloaded at the option of VIT at rates agreed upon between VIT and the owners or their agents prior to arrival of cargo at the TERMINAL. Such cargo will be handled only at the owner's risk. This item does not apply to CONTAINERS.

216 REMOVAL OF OBJECTIONABLE CARGO VIT reserves the right to move freight or other material, which in VIT'S judgment is likely to damage other property, to another location at the risk and expense of the owner.

218 DISPOSITION OF ABANDONED, UNCLAIMED, OR REFUSED CONTAINERS, CARGO OR EQUIPMENT

- A. No USER may abandon CONTAINERS, cargo, equipment, or other property on a TERMINAL. Any USER, which delivers, or causes to be delivered, CONTAINERS, cargo, equipment, or

other property on a TERMINAL is responsible for the property until it is removed from the TERMINAL.

- B. VIT may sell for accrued charges any cargo, CONTAINERS, equipment, or other property, which is unclaimed, refused, or abandoned after notice has been delivered or mailed to interested parties. Cargo or Equipment shall be deemed unclaimed or abandoned if it remains on a TERMINAL more than thirty (30) days. VIT shall comply with the notice requirements of Virginia Code Sections 8.7-206 and 8.7-210. If notice is sent by registered or certified mail to the last address provided to VIT, such notice shall be deemed delivered on the date of receipt or three days after the postmark thereon, whichever is earlier.
- C. If no response acceptable to VIT in its reasonable discretion is received by VIT within ten (10) days after such notice, or if the party declares abandonment of the cargo or equipment, VIT may sell the cargo or equipment to recover accrued charges, or may otherwise dispose of the property in its discretion. With respect to import CONTAINERS, the CARRIER delivering the CONTAINER and the consignee of the CONTAINER shall remain jointly and severally liable to VIT for all accrued charges, including continuing storage charges, and all costs and expenses of selling or appropriately disposing of the property less any sales proceeds received. With respect to import CONTAINERS, the shipper and the Freight Forwarder of Broker shall remain jointly and severally liable for such costs and expenses. With respect to equipment, the CARRIER responsible for the equipment shall be liable for such costs and expenses.
- D. VIT may bring a court action to require removal of abandoned property from the TERMINALS.

220 CREDIT AND PAYMENT OF INVOICES

- A. VIT may assess charges against and to submit invoices to all USERS of the TERMINALS, their agents, and/or servants, including without limitation OCEAN CARRIERS and VESSELS.
- B. Without limiting the foregoing, (i) with respect to break-bulk cargo on or moving over VIT facilities, VIT will initially bill, and the primary responsibility for payment of TERMINAL charges shall be with, those who perform the forwarding functions on such shipments unless other arrangements have been made, and (ii) the primary responsibility for TERMINAL charges pertinent to the VESSEL such as line handling, WHARFAGE, DOCKAGE, and water shall rest with the agent of the VESSEL and the VESSEL's owners and charterers unless other arrangements have been made.
- C. VESSELS, their owners and agents, and other USERS shall be required to permit access to manifests, LOADING, or discharge lists, rail or motor CARRIER freight bills or other pertinent documents for the purpose of audit to determine the correctness of reports filed or for securing necessary data to permit correct billing of charges.
- D. Invoices for services rendered are due within thirty (30) days of the invoice. Failure to pay within thirty (30) days may cause the name of the responsible party to be placed on a delinquent list and such party may be denied further use of the facilities until all outstanding charges have been paid. Invoices not paid within thirty (30) days are subject to a one and one-half percent (1.5%) service charge per month, as well as the commencement of legal action. VIT reserves the right to estimate and collect in advance all charges which may accrue against cargo or VESSELS if credit has not been established with VIT or if parties representing such cargo or VESSELS have habitually been on the delinquent list. Use of the

TERMINALS may be denied until such charges have been paid. VIT reserves the right to apply any payment received against the oldest outstanding invoices.

- E. VIT may extend credit to any USER upon application for credit and demonstration of financial responsibility. Credit worthiness may be established through current financial statements (certified by an independent certified public accountant) or other acceptable evidence of financial responsibility and by furnishing at least three (3) satisfactory credit references, including a bank reference. Extension and continuation of existing lines of credit shall be conditioned upon the prompt payment of bills as specified above.
- F. For OCEAN CARRIERS or those USERS not granted credit, VIT may extend credit to those USERS who will post and maintain a Letter of Credit or Indemnity Bond in the form and content, and with a company acceptable to VIT in an amount equal to the maximum liability for a period of time determined by VIT.
- G. Letters of Credit and Indemnity Bonds may be required to insure VIT against the loss of funds and indemnify VIT in full payment of bills that accrue for the use of the TERMINAL FACILITIES or services rendered by VIT.
- H. In any litigation to enforce this SOR, the prevailing party shall be entitled to an award of its reasonable costs and attorney's fees.
- I. If an account receivable is past due, then VIT may with or without notice apply all credits, discounts, subsidies, incentives, and/or other amounts due from VIT to the delinquent receivables, whether or not related to the outstanding receivables, until such time as all receivables for the account are rendered current. Delinquent invoice amounts plus service charges that are determined to be payable may be deducted by VIT from any credits, discounts, incentives, other payments received, etc., due to the debtor by VIT.
- J. At no time shall invoices or related payments be reduced or offset by any monetary amount for loss, damage or other claim or alleged amount owed by VIT in any form whatsoever, except for invoices disputed pursuant to the terms of this SOR.
- K. If and when a USER is entitled to a credit from VIT, VIT may specify how and when that credit will be applied to the USER's account. If a credit memo is issued with a certain or calculable expiration date, VIT will, immediately prior to expiration, apply such credit against the oldest outstanding invoices.
- L. VIT may in its discretion and for ease of administration charge the BASIC CONTAINER UNIT RATE in lieu of billing each individual charge included in the BASIC CONTAINER UNIT RATE.
- M. VIT may in its discretion agree to allocate certain costs among OCEAN CARRIERS according to a VSA. If VIT agrees to bill for certain costs according to a VSA, (i) such billing shall be subject to the written agreement of members of the VSA to accept such charges, (ii) the VESSEL shall not be relieved of liability for such charges, (iii) VIT may terminate its undertaking to bill costs according to the VSA at any time, (iv) VIT will impose a charge for such services at \$150 per vessel to be allocated equally amongst the VSA partners, and (v) VIT shall be held harmless with respect to any disputes among the VSA members.
- N. International Customers that establish credit with VIT will be responsible for the international wire/bank transfer fees that intermediary banks assess at their will. To allow adequate coverage on the international customers account, we will require an initial \$500 deposit that

will need to be replenished from time to time at our request. The deposit will cover any short payments of invoices due to the intermediary bank fees assessed during payment transfer."

- O. Customers who have had their VIT account suspended due to financial reasons will be required to pay a \$1,000.00 deposit to re-establish a line of credit or receive future services. This deposit will be held in a separate account and cannot be used for future invoices. VIT may utilize this deposit to cover past due invoices, even without prior notification. The deposit will be refunded when the customer closes their account, provided all outstanding obligations are met.

221 NOTIFICATION OF DISPUTED INVOICES

- A. Disputes posed in good faith regarding the validity of individual charges on invoices must be submitted in writing to VIT within thirty (30) days after the presentation of the invoice. Charges not disputed in good faith within this thirty (30) day period will be considered valid. VIT will only negotiate disputed charges on invoices with the bill-to party.
- B. In order to facilitate the timely acknowledgement, recording and resolution of good faith disputes, all disputes must be directed in writing to VIT's billing department as noticed on the applicable invoice. Disputes submitted via email may be sent to invoicedisputes@vit.org with the invoice number in the subject line and the specifics of the dispute in the body of the message. Specifics of the dispute must include, at a minimum, reference to the invoice number, the specific charge and amount disputed, and a statement of facts that supports the dispute.

- C. If VESSELS, their owners or agents, fail to update information in VIT's Terminal Operations System for CONTAINERS listed on the VESSEL Discharge Hold Report, then CONTAINERS will be billed to the OCEAN CARRIER. It is understood, however, and the parties agree, that this amount represents a minimum estimate of the damages to VIT because of the failure or refusal of the VESSEL to move or to vacate the berth, and that this charge shall not constitute a waiver by VIT to assess and collect the greater actual damages plus all interest, costs and attorneys' fees as VIT may sustain as the result of the VESSEL's failure or refusal to move or to vacate the berth.
- C. Furthermore, the failure or refusal of the VESSEL to move or to vacate the berth shall constitute a trespass entitling the owner and/or VIT to compel removal of the VESSEL from the area in which she may be then located or from the berth and the VESSEL, her owners, agents, and operators shall be liable for all damages together with interest, costs and attorneys' fees that may be incurred in having the VESSEL removed.

402 EQUIPMENT INTERCHANGE RECEIPT (EIR) CUSTODY

- A. VIT will not retain a paper copy of the computer printed Equipment Interchange Receipt (EIR).
- B. VIG, NIT, PMT, and NNMT – Copies of EIR's can be reprinted from <https://propassva.emodal.com/>

411 WEIGHING LOADED EXPORT CONTAINERS

- A. When a CONTAINER arrives at a terminal by truck, the gross weight of the truck power unit ("tractor"), CONTAINER, and intermodal chassis may be obtained using scales calibrated in accordance with any applicable state requirements. When a CONTAINER arrives at a terminal by rail, the CONTAINER is loaded onto a chassis or trailer, and the gross weight of the tractor, CONTAINER, and chassis/trailer may be obtained using scales calibrated in accordance with any applicable state requirements.
- B. VIT will calculate the actual gross weight of the CONTAINER by subtracting the chassis/trailer weight and tractor weight from the gross weight obtained via the method described above. The chassis/trailer weight and tractor weight may be derived from (i) standard, average weights for the tractor and chassis; (ii) weights previously registered in the terminal system; (iii) weights provided at the gate by the truck driver; or (iv) weights stenciled or placarded on the equipment. VIT will make the actual gross weight of the CONTAINER available electronically directly to the VESSEL operator.
- C. Unless the VESSEL operator chooses the alternative stated below, VIT shall enter the actual gross weight of the CONTAINER determined by VIT as described above into VIT's TOS as the VGM. Pursuant to the U.S. Coast Guard's Maritime Safety Information Bulletin ("MSIB") 009/16, the VESSEL operator may use the weight provided by VIT as the equivalent of VGM to comply with SOLAS Regulation VI/2.
- D. Alternatively, the VESSEL operator may instruct VIT not to use the actual gross weight calculated by VIT as the VGM, in which case the VESSEL operator must send the VGM to VIT on behalf of the shipper. Under this alternative, the VESSEL operator must send the VGM of the CONTAINER to VIT electronically via VERMAS electronic data interchange at least twenty-four (24) hours prior to the LOADING of the CONTAINER on the VESSEL. The VESSEL operator is responsible for resolving all discrepancies between weights it receives from VIT, the shipper, or other sources prior to submitting the VGM to VIT. The shipper shall not sign any document or electronic message accompanying the weight sent from the VESSEL operator to VIT. If VIT does not receive the VGM from the VESSEL operator within the required time, then the CONTAINER may not be loaded, and the OCEAN CARRIER and other responsible parties shall be liable to VIT for LOADED CONTAINER STORAGE (Item 461) with no FREE TIME (Item 456), roll, REHANDLING (Item 465), and other applicable charges. VIT is not responsible for the weight received as the VGM from the VESSEL operator.
- E. All shippers using the TERMINALS authorize the use of such actual gross weight(s) determined by VIT in the manner as described above to satisfy the SOLAS obligations on shippers to provide VGM.
- F. VIT's confirmation of the LOADING event to the OCEAN CARRIER(s) shall refer to the VGM received or used as provided above.
- G. The VESSEL operator should call POV Customer Service at 757-440-7160 or email POVCustomerService@vit.org for instructions for the electronic data interchange of weight information described above.
- H. In the event VIT determines that the terminal scales are unavailable or potentially inaccurate, VIT may use the VGM provided by the shipper or rail operator.

420 RECEIVING/DELIVERING CHASSIS, FRAMES OR BOGIES The term RECEIVING/DELIVERING CHASSIS, FRAMES OR BOGIES refers to receiving chassis, frames, or bogies from or delivering to an inland CARRIER. Prior arrangements must be made with VIT for this service which includes necessary clerical work to perform the interchange.

425 REHANDLING CONTAINER

- A. On Own Wheels. The term REHANDLING CONTAINER ON OWN WHEELS refers to the moving or towing with a TERMINAL tractor ("hustler") and operator of a CONTAINER on its own chassis and wheels (same to be furnished by owner or agent), between POINT OF REST and designated point on the TERMINAL.
- B. Into/From Stack. The term REHANDLING CONTAINER INTO/FROM STACK refers to the placing of a CONTAINER in the stack or removing a CONTAINER from the stack to its own chassis, frame, bogie or wheels with TERMINAL labor and equipment. These operations are in addition to the original move provided for in the basic CONTAINER RECEIVING charge.
- C. Chassis Change. Once a WHEELED CONTAINER is received by VIT at a POINT OF REST, any subsequent change of the CONTAINER to other wheels, including flatbeds, will be performed by request only, and charges per Item 465 will apply.

426 REHANDLING BARE CHASSIS ON WHEELS The term REHANDLING BARE CHASSIS ON WHEELS refers to the moving or towing with a TERMINAL tractor or operator of a bare chassis on wheels (same to be furnished by owner or agent) between POINT OF REST and designated point on the TERMINAL.

430 RECEIVING CONTAINER - GROUNDED OR STACKED OPERATION

CONTAINERS will be handled in the following manner:

- A. A CONTAINER brought to a TERMINAL by an inland motor or rail CARRIER will be removed from its wheels, bogies, chassis, frame, or flatbed trailer or car by VIT with its own labor and mechanical equipment. In turn, the CONTAINER will be grounded or stacked by VIT in the CONTAINER YARD at a POINT OF REST awaiting movement to the VESSEL. When requested, VIT will inform the VESSEL and/or (its agent) as to the exact location of the CONTAINER. The VESSEL's stevedore will in turn remove the CONTAINER from the POINT OF REST in the CONTAINER YARD and transport the CONTAINER to the VESSEL.
- B. A CONTAINER will be received by VIT from the VESSEL and/or (its agent) at a POINT OF REST in the CONTAINER YARD for delivery to an inland motor or rail CARRIER (or its agent). The VESSEL's stevedore will ground or stack the CONTAINER in the CONTAINER YARD at a POINT OF REST designated by VIT. When so requested by the inland motor or rail CARRIER (or its agent), VIT, with its labor and mechanical equipment, will remove the CONTAINER from its POINT OF REST and place the CONTAINER on wheels, bogies, chassis, frames, or flatbed trailer for carriage by the inland motor or rail CARRIER.
- C. VIT will perform the necessary clerical work to effect physical exchange of the CONTAINER between the motor CARRIER or rail CARRIER (or its agent) or VESSEL and VIT. Not included is any repair to the CONTAINER or its equipment.
- D. VIT will weigh loaded export CONTAINERS as provided in this SOR.

435 RECEIVING CONTAINER - WHEELED OPERATION

- A. The term RECEIVING CONTAINER - WHEELED OPERATION refers to acceptance of a WHEELED CONTAINER, empty or loaded, by VIT in an OPEN STORAGE OR PARKING AREA from the inland CARRIER, so as to facilitate physical exchange of the WHEELED CONTAINER with

a VESSEL. VIT may accept a WHEELED CONTAINER in an OPEN STORAGE OR PARKING AREA from a VESSEL to facilitate physical exchange with an inland CARRIER.

B. CONTAINERS will be handled in the following manner:

1. VIT will designate and provide the necessary OPEN STORAGE OR PARKING AREA on which to park the WHEELED CONTAINER.
2. VIT will perform the necessary clerical work to effect physical exchange of the WHEELED CONTAINER between the motor CARRIER or rail CARRIER (or its agent) or water CARRIER and VIT. Not included is any repair to the CONTAINER or its equipment.
3. VIT will weigh loaded export CONTAINERS as provided in this SOR.
4. Unless prior arrangements are made with VIT, the TERMINAL will not use its tractors, mechanical equipment, or personnel to dray or move WHEELED CONTAINERS to/from or within the OPEN STORAGE OR PARKING AREA.

436 DUAL RECEIVING CONTAINER CHARGE

A. VIT will assess the following charges in DUAL RECEIVING situations:

1. If a loaded CONTAINER arrives by rail or truck and departs by rail or truck, then the OCEAN CARRIER shall be charged \$606.47 per container per operation. This is in addition to the Item 650 – V.P.A. SECURITY SURCHARGE.
2. If an empty CONTAINER arrives by rail or truck and departs by rail or truck, then the OCEAN CARRIER shall be charged \$486.48 per container per operation. This is in addition to the Item 650 – V.P.A. SECURITY SURCHARGE.
3. If a loaded CONTAINER arrives by VESSEL, departs by truck for HREW and returns to the marine facility to load the rail, then the OCEAN CARRIER shall be charged \$154.94 per container per operation.

B. These charges shall not apply to gate moves performed for VIT's convenience. No free-time (Item 456) shall be allowed for CONTAINERS in DUAL RECEIVING situations. These charges are in addition to other applicable charges in this SOR that may apply, such as without limitation security surcharges, empty storage charges, and LOADED CONTAINER STORAGE.

440 RECEIVING CONTAINER CHARGES - EXPEDITED HANDLING If in the interest of efficient operations a CONTAINER cannot be carried to the POINT OF REST or to the OPEN STORAGE OR PARKING AREA, the applicable RECEIVING charge will be assessed in any event. Prior approval is not required to allow a CONTAINER to bypass POINT OF REST and OPEN STORAGE OR PARKING AREA to permit expedited HANDLING.

445 RECEIVING CONTAINER CHARGES Wheeled, grounded, or stacked operation \$186.32 (Applicable under conditions described in Items 430 and 435).

446 EMPTY RAIL REPOSITIONING CHARGE CARRIER may request VIT to transfer an Empty Container onto rail for departure, with no scheduled return, for a charge of \$263.20 per container.

450 CONTAINERS INTERCHANGED BETWEEN VESSELS (TRANSHIPMENT) (Notes 1 through 5)
This charge will apply if the CONTAINER is received and delivered by the same TERMINAL and upon 24 hour prior notification to VIT (Note 3).

Note 1 – CONTAINERS departing via a VESSEL after ten (10) days will be assessed \$82.99 per CONTAINER against the outbound CARRIER.

Note 2 – Should an OCEAN CARRIER have multiple services at the same TERMINAL, the OCEAN CARRIER'S rate will be assessed upon departure.

460 STORAGE OF EMPTY CONTAINERS

- A. For the purposes of this Section:
- a. "Empty Benchmark" for a month means the number, which is ten percent (10%) of the average of CARRIER's CONTAINER Movements in each of the prior three (3) months, times the number of days in the month.
 - b. "Daily Empty Storage-days" means the number of empty CONTAINERS stored on the TERMINALS (including without limitation all damaged empty CONTAINERS) by CARRIER on each day (or partial day) of the month. Calculation of dwell days ends either with the last day end of the month being invoiced or upon the CONTAINER loading the VESSEL.
 - c. "Excess Empty Storage-day(s)" means the total number of Daily Empty Storage-days accumulated in the month in excess of the Empty Benchmark.
- B. At the end of each month, VIT shall bill, and CARRIER shall pay, the daily per-CONTAINER storage charge provided in the SOR (currently SOR Item 460) for each Excess Empty Storage-day in the month.
- C. If VIT notifies CARRIER that VIT projects that CARRIER's Daily Empty Storage-days will exceed the Empty Benchmark in any month, then upon notice from VIT via email, CARRIER shall implement an evacuation plan to reduce empty CONTAINERS on the TERMINALS within thirty (30) days to a level consistent with the Empty Benchmark. Additionally, VIT reserves the right to adjust the Empty Benchmark upon at least thirty (30) days' notice via email to CARRIER if in VIT's discretion the number of empty CONTAINERS on the TERMINALS materially interferes with the efficient operation of the TERMINALS.
- D. FOR EXAMPLE, if CARRIER has 1,080 CONTAINER Movements in the month of January, 2500 Container Movements in the month of February, and 1550 Container Movements in the month of March, the Empty Benchmark for April would be $10\% \times 5,130 \text{ container movements} / 3 \text{ months} \times 30 \text{ days} = 5,130$. If CARRIER had a total of 7,750 Daily Empty Storage-days in April, at the end of April, CARRIER would be billed for 2,620 Excess Empty Storage-days, i.e., 7,750 total Daily Empty Storage-days minus the Benchmark of 5,130.
- E. Daily Storage Charge - \$4.76 per container, per day
- F. CARRIER's that become 30% above the benchmark will be charged \$6.92 per container in excess of the 30%. If a CARRIER is 50% or more above their benchmark they will be charged the \$6.92 per container in addition to VIT opting to refuse to receive empty containers on the terminals or container yards. VIT also reserves the right to require lines to remove excess empty container volumes.

Note: We reserve the right to manage empties and may require storage at the PPCY and carrier is responsible for all charges associated with bringing empties to the terminals.

461 LOADED CONTAINER STORAGE (based on container arrival date)

- A. Non-Refrigerated CONTAINERS exceeding FREE TIME will be assessed LOADED CONTAINER STORAGE charges as follows:
- a. Days one (1) through three (3) - \$21.80 per TEU, per day, for the account of the OCEAN CARRIER.
 - b. Days four (4) through seven (7) - \$37.19 per TEU, per day, for the account of the OCEAN CARRIER.
 - c. Days eight (8) through ten (10) - \$51.29 per TEU, per day, for the account of the OCEAN CARRIER.
 - d. Days eleven (11) through nineteen (19) - \$65.09 per TEU, per day, for the account of the OCEAN CARRIER.
 - e. Days twenty (20) and greater - \$97.03 per TEU, per day, for the account of the OCEAN CARRIER.
- B. Refrigerated CONTAINERS exceeding FREE TIME will be assessed LOADED CONTAINER STORAGE charges as follows:
- a. Days one (1) through four (4) - \$107.72 per day, per CONTAINER, for the account of the OCEAN CARRIER.
 - b. Days five (5) and greater - \$215.43 per day, per CONTAINER, for the account of the OCEAN CARRIER.
- C. To the extent required by law, VIT will review and consider relief for LCS charges incurred when a USER is unable to retrieve their CONTAINER because of circumstances reasonably beyond their control. To make a claim for such relief please visit <https://operations.portofvirginia.com/billing-invoice-disputes/> and follow the instructions for filling an Invoice Dispute Claim.

Bundling, drayage, and the off terminal inbound interchange will be charged to the owner or operator of the chassis. All off terminal charges are for the account of the owner or operator of the chassis.

463 STORAGE OF EQUIPMENT UPON BANKRUPTCY Equipment including but not limited to a CONTAINER or a chassis remaining on the TERMINAL 30 days after its owner or lessee has ceased operations due to bankruptcy or has gone out of business will be charged a Storage charge on equipment. A charge of \$54.24 unit, per day will be assessed against the equipment from the date of the ceased operations and must be paid prior to release of the equipment. The amount due will be from the party requesting the release of the equipment.

SECTION VI
VIRGINIA PORT AUTHORITY SECURITY SURCHARGE

650 VIRGINIA PORT AUTHORITY SECURITY SURCHARGE

RESOLUTION AUTHORIZING THE IMPLEMENTATION OF SECURITY SURCHARGE PURSUANT TO VIRGINIA CODE §62.1-132.16

IT IS RESOLVED by the Board of Commissioners (the "Board") of the Virginia Port Authority (the "Authority"), as follows:

Section 1. Findings and Determinations

- A. Pursuant to Section 62.1-132.16 of the Code of Virginia of 1950, as amended (the "Virginia Code"), the Authority is authorized to fix, alter, charge, and collect tolls, fees, rentals, and any other charges for the use of, or for services rendered by, any Authority facility. The Authority may impose, levy, and collect such other fees and charges as may assist in defraying the expenses of administration, maintenance, development, or improvement of the ports of the Commonwealth, their cargo handling facilities, and harbors.
- B. As a means to finance the additional security measures mandated by the Maritime Transportation Security Act (MTSA) 2002, as set forth in 33 CFR Part 105 – Facility Security, the Authority has proposed that it would implement a security surcharge (the "Surcharge") to be effective August 1, 2005, in the amounts and for the categories as set forth in this Resolution.

- C. The Authority proposes to amend the Surcharge to include a security surcharge for bulk cargo to be effective September 1, 2012 in the amount as set forth in this Resolution.
- D. The security surcharge will be administered by VIT, clearly billed as a security fee, and all such fees collected are to be passed directly to the Virginia Port Authority.
- E. The Board has determined that, by enhancing security at the port facilities, implementation of the Surcharge will foster and stimulate the commerce of the ports of the Commonwealth; promote the shipment of goods and cargoes through the ports; and develop, improve or increase the commerce, both foreign and domestic, of the ports of the Commonwealth, all pursuant to Section 62.1-132.3 of the Virginia Code.

Section 2. Authorization of Surcharge. (a) Implementation of the amended Surcharge is hereby authorized. The Surcharge shall initially be established in the amounts and for the categories as set forth below. The Executive Director is authorized in his discretion to adjust the amounts of the Surcharge and the categories to which it applies, and to further adjust the Surcharge from facility to facility. In making such adjustments to the Surcharge, the Executive Director will consider at least the following factors: changes to security requirements; current market conditions; effect on demand for use of the Authority's facilities; and the amount of such fees charged by competitive ports.

Surcharge Rates

Breakbulk from Fully Cellular VESSELS: \$0.33 per metric TON for the account of the OCEAN CARRIER

Section 3. Further Action. The officers and staff of the Authority are hereby authorized to take such actions, and deliver such additional documents and certificates, as they may, in their discretion, deem necessary or useful in connection with the implementation of the Surcharge.

Section 4. Effective Date. This Resolution shall take effect on September 1, 2012 or immediately upon its adoption, whichever is later.

CONTAINER surcharge rates will be assessed as follows:

- (1) CONTAINERS not declared water to water will be billed one surcharge for every loaded/empty CONTAINER on/off a VESSEL.
